Vol. 3

Goes well with any DISHES!!

Imitation Crab

風味魚糕

The fiber structure of Royal Carib is completely different from the other types of stick-shaped products. Royal Carib has leaf-vein fibers like those of real crab meat, so you can recognize it thanks to this feature. Royal Carib is popularly used as an ingredient of sushi at many restaurants all over the world.

皇室加勒比——以高等級鱈魚漿為原料，採用杉與公司獨家專利的葉脈狀生產技術製作而成。

僅使用天然色素，讓消費者吃得安心，吃得放心。

作為本公司的龍頭產品，已出口至全球多個國家。

001 Royal Carib with crab meat (Japan)

Imitation Crab

風味魚糕

Kaoribako is a crab-flavored surimi product of premium quality. With taste, aroma and fiber texture, Kaoribako is as good as real snow crab meat. Natural colorings from tomato and paprika provide the functional benefits of Lycopene. Kaoribako was awarded an Emperor's cup in 2006.

香箱蟹柳——榮獲日本天皇賞的優質產品。

食用天然色素，從外觀及口感上對雪蟹進行了高度還原。

無需文字過多贅述，「此物只應天上有，人間哪得幾回嘗」
